

Product Brief | Rimage Desktop 2000i™ Series

The most efficient desktop CD/DVD publisher available

Put a powerful, affordable front-office CD/DVD publishing solution to work for you in a matter of minutes. Open the box, plug in the cables, turn on the power and you are ready to publish professional-looking discs with the Rimage Desktop 2000i system. No components to assemble, no printer to mount or alignments to make.

Benefits

Powerful printing

The integrated HP printer's unsurpassed ink control and superb color management create photo-realistic images, vivid color output and extremely sharp text for quality printing—directly to your disc.

Low cost of operation

Speed, reliability and a large disc input bin—combined with an innovative ink management system—make the Rimage 2000i the leader in price and performance for desktop systems.

Streamlined workflow

An optimized 2-to-1 recorder-to-printer ratio eliminates production bottlenecks and maximizes disc throughput, making the 2000i system ideal for a small office environment.

Hands-free production

Reliable robotics enable long production runs and uninterrupted usage, while an integrated LCD display clearly communicates status information so you can focus on your work.

Features

- Durable, all-metal construction with integrated components and robotics
- Two CD/DVD combination recorders
- 100-disc input and output bins
- LCD status display
- Integrated HP thermal inkjet printer with 4800 dpi, PhotoREt IV color-layering and ColorSmart III color optimization technology

Desktop 2000i

Options

- OfficeNet Software Suite (OSS) - Provides network connectivity and remote client access
