## Unmatched performance, versatility and quality

Rimage Producer III disc publishing systems are the industry's consummate solutions for automatically creating professional CD, DVD and Blu-ray Discs™. With industrial grade robotics, direct-to-disc printing and professional recording technologies, the Producer Series meets the world's most challenging disc production demands.

## Benefits

### Powerful printing

Producer systems have the world's best thermal monochrome and full-color disc printers, providing first-class printing and industrial-grade production in one scalable package.

### Quick turnaround

Designed for 24/7, high-volume, unattended production, Producer systems publish hundreds of customizable discs per day, so you can deliver customer-tailored results faster.

### Superior performance

The four-bin carousel enables three media types to be available concurrently, and the reliable Rimage robotics are designed to output discs continuously for years.

## Features

- Up to four quick-release front-swappable recorders
- CD/DVD/Blu-ray recorder technology
- 400-disc rotating carousel for input/output
- LCD status display
- Embedded control center with network connectivity
- Producer Software Suite
- Everest™ 600 printer or Prism*Plus!*™ printer
    - Everest: Best quality printer for permanent, full-color printing
    - Prism: Fastest, lowest-cost thermal monochrome printer in the industry

## Options

- Everest or Prism*Plus!* printer
- Combinations of CD/ DVD and Blu-ray recorders
- DiscWatch Light for at-a-glance job status
- Keyboard, monitor and mouse kit

Blu-ray Disc™ is a trademark of the Blu-ray Disc Association.
